

## Safety and Security policy

### Is it safe to do transactions on Logophilia.in?

Yes, carrying out transactions at Logophilia is safe. All Credit card and Debit card payments on Logophilia are processed through secure and trusted payment gateways managed by leading Indian banks. Logophilia uses the best technology to protect your card information while securely transmitting it to the Banks for processing the payment.

Furthermore, the Banks ask you to enter an online password (also known as 3D Secure password) which acts as an additional layer of security for your card transaction. This 3D Secure password is not printed anywhere on the card and is known only to you, giving you the added assurance that only you can use your card to make purchases on the Internet. This makes your online transaction on Logophilia extremely safe and secure.

You can be assured that Logophilia offers you the highest standards of security currently available on the internet so as to ensure that your shopping experience is private, safe and secure.

### Does Logophilia store my Credit/Debit card information?

Logophilia stores the first 6 and last 4 digits of your card number in a secure and encrypted manner. The first 6 digits (also known as the Bank Identification Number) are used to identify the bank name and country where your card was issued. The first 6 and last 4 digits are together used for fraud detection and prevention purposes.
